

Round Table Discussions

PROBA2 - SWT11

PROBA2's role in the SSA program

- Tools that use PROBA2 Instruments
- What tools would you like to see?
- How could PROBA2s data be improved?

Current and potential collaborations

- SDO
- STEREO - Faraday rotation observations
- CoMP
- PREMOS
- How can we stimulate publications?
- Instruments we should work with?

PROBA2's legacy

- Lessons learned for PROBA3 and Solar Orbiter
- Getting a DOI registration for our datasets.
- Can we evolve the SWAP pipeline as a baseline for the definition of a generic FITS image pipeline?
- Telemetry management?
